About SHOUT

SHOUT is a community based organisation which uses a 5 tier approach to support local, not for profit organisations to build capacity and business expertise. Board Governance Training is essential for a voluntary Board so everyone understands the important roles of the Board and the legal implications of their membership.

SHOUT Members can access this essential training, at a greatly reduced fee, or free of charge. SHOUT is funded to support the community sector.

Board Training

Board Governance Training is vital training for board members and should be undertaken by every new Board Member. SHOUT developed this training after experiencing what was available in the community, and finding they fall short on content and long on time!

Our training takes just 3 hours and includes a flash drive of the content, including policies for boards.

We want you to succeed!
