About SHOUT

SHOUT is a community based organisation which uses a 5 tier approach to support local, not for profit organisations to build capacity and business expertise. Strategic planning assists community based, not for profit organisations, to develop a strategic plan and organise goals and outcomes so that the whole organisation works together towards that end.

SHOUT Members can access strategic planning, at a greatly reduced fee, or free of charge. SHOUT is funded to support the community sector.

Strategic Planning

Without a strategic plan it is difficult to identify where the organisation is going, let alone how it will meet its own goals to get there. Developing a strategic plan is essential to set a course for an organisation, so it can plan and achieve the outcomes it desires, including meeting funding requirements and stakeholder expectations.

Without a plan, you plan to fail!

Over the past 4 years SHOUT has facilitated and developed Strategic Plans with member organisations. SHOUT is experienced within the community sector, and understands the sectors unique position and strategic requirements.

- Understands the community sector
- Research prior to the day
- Facilitation of Planning Session
